

ACADEMY VIRTUAL FESTIVAL PALEOPALOOZA

A Nine-Day Festival of Fossils

October 17–25

Eating dinosaurs craft

The food chain in the dinosaur world was fierce. Carnivores like T. rex often liked to eat other dinosaurs like hadrosaurs or other animals that came across their path. Meanwhile, herbivores like the hadrosaurs were feasting on plants.

Know before you begin

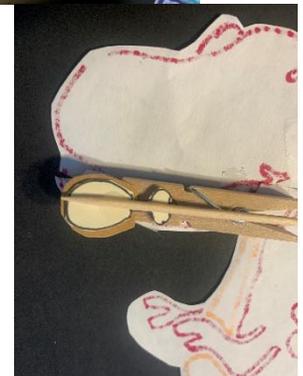

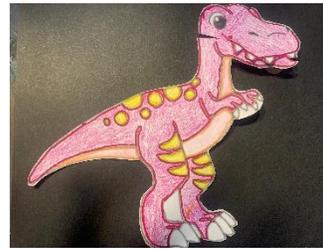

- This activity can be done inside
- All supplies are easy to find, substitute or modify
- Adult supervision is recommended
- Please choose a safe space to play

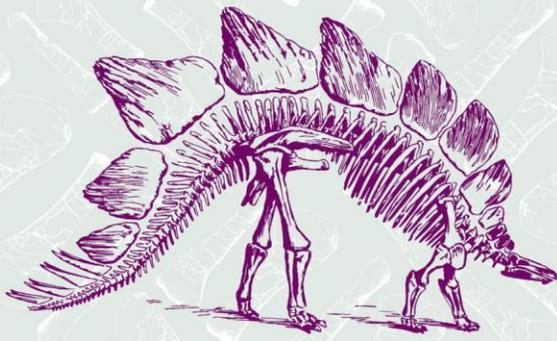

Materials

- Printed Carnivore or Herbivore
- Printed food
- Clothespin with spring
- Glue or tape
- Toothpick or other small stick
- Crayons or colored pencils

Instructions

- Print your Carnivore or Herbivore and its food and then cut them out. If you do not have a printer you can draw your own dinosaur and food.
- Color your dinosaur and food.
- Glue top of head to top part of clothespin and glue bottom head and body to the bottom clothespin. Let dry.
- Glue food to the end of the toothpick. Let dry.
